

PERSONAL WATERCRAFT REGISTRATION

To operate your personal watercraft at Joy Bible Camp you must agree to:

- Ensure proper registration including: providing vessel registration numbers, insurance policy numbers, and copies of driving competency proof (PCOC) for all persons who will be operating the vessel
- Launch your watercraft at the public boat launch.
- Observe the “no overnight parking” rule governing main dock use.
- Abide by recommended occupancy or weight limits specified to your watercraft
- Cease any action which the staff (lifeguards, program etc.) at Joy Bible Camp deem “unsafe” or “inappropriate” for personal watercraft use at camp
- Operate the watercraft in a safe manner, avoiding excessive speeds, wakes, sharp turns, and impeding the way of other boats
- Maintain safe distances from powered watercrafts, such as ski boats, as well as self-powered watercrafts, such as kayaks and canoes
- Avoid the swimming area and the area between the swimming area and the ski dock, due to swimmer and ski-boat traffic
- Represent Joy Bible Camp well in any interactions with cottagers, as well as reporting said interactions to the executive director
- Moor the vessel off shore anchored to a cinder block. No beached vessels are permitted. Cinder blocks must be removed after their use. A white buoy is to be tied to the block so other boats will not damage their vessel and so no one will step on the block. Passengers may be picked up at the main dock.
- Gas must be purchased in town. Camp fuel is for camp use only
- Provide the following safety equipment
 - PFD's - must be worn by all riders in the craft
 - Bailing bucket - with contents suitable to the size and type of their watercraft as dictated by provincial regulations
 - Whistle or horn
 - Reach assist (rope or life ring)
 - Flashlight or running lights
 - Anchor

Name: Session: Room #:

Type of vehicle: Reg'n number:

Pleasure Craft Operation (PCOC) #: Insurance info provided

Other person(s) who may operate the vehicle:
